YMCA MISSION

The Gateway Family YMCA is a community-based organization rooted in Christian principles and committed to building healthy lives through programs that strengthen spirit, mind and body for people of all ages, religions and cultures.

PHILOSOPHY

The YMCA is committed to providing school-age children with a clean, safe, and nurturing environment. Each child is considered wonderful and unique. They are encouraged to cultivate their strengths and talents while developing skills necessary to succeed in a more formalized educational setting and throughout life.

The foundations of our Summer Camp are based on Developmentally Appropriate Practices. A Developmentally Appropriate Practice model of service delivery focuses on the developmental stages of young children, aligning their abilities with learning activities to challenge and stimulate.

Our summer camp staff creates and implements activities appropriate for each child's age levels. This, in turn, engages children in developmentally appropriate activities that enhance their physical, cognitive, social, and emotional growth.

The YMCA program design includes health and well-being components designed to ensure all of the children receive the foundation for health living. Building strong relationships with both the children and families helps us to influence the lives of all the people we serve.

Please tell the person picking up your child that they must provide photo identification to the staff before the child will be released.

POLICY ON CHILDREN SUPERVISION

- We will be maintaining a 2:20 staff/camper ratio this summer.
- Each camper will be assigned to a specific cohort with the same group of campers and staff.

MEALTIME AND NUTRITION

The YMCA will not be providing food, snacks or beverages. Parents must provide all meals, snacks and beverages.

DRESS CODE AND GROOMING

- The dress code at the YMCA Summer Camp is comfortable clothing and closed-in, soft-sole shoes. At camp, we want to give children the opportunity to explore, create and be involved in real life experiences. It is expected that your child's clothes may become soiled throughout these experiences. Please dress your child ready for play!
- Ensure that your child is dressed in clothing that is appropriate to the current weather conditions.

HEALTH GUIDELINES

The center is licensed and equipped to care for children in good health. Parents and staff, working together, promote the child's total well-being.

CLEANING AND DISINFECTING

Hospital grade EPA approved disinfecting solution or an equivalent such as bleach will be used to sanitize equipment and surfaces. Staff will be required to sanitize areas before and after use including classroom equipment and furniture, as well as outdoor playground equipment. Cleaning crews will clean and disinfect all indoor and outdoor areas daily after operating hours.

The frequency of cleaning and disinfecting of toys, equipment, and surfaces, especially doorknobs, light switches, countertops, and restrooms will be increased to minimize the potential for the spread of germs. Toys that are not easily cleanable (such as stuffed animals, play dough, and pillows) will be temporarily removed and toys that are out at any one time will be rotated so that they can be adequately cleaned and sanitized. If groups of children are moving from one area to another in

shifts, cleaning measures must be completed prior to the new group entering the area.

HYGIENE PRACTICES/HAND WASHING

Practice frequent hand washing with soap and water for at least 20 seconds, and require handwashing, before meals or snacks, after going to the bathroom, and prior to leaving for home. Help young children to ensure they are doing it effectively. The requirement of hand sanitizing during entering the facility will be required by all staff, parents, and children.

SANITATION

It is in normal practice to wash employees' and children hands repeatedly throughout the day; between activities, after coughing and sneezing and toileting. Gloves are to be used at all times during food handling, tending to runny noses, administering first aid and administering temperature readings. All surfaces are cleaned with a soap and water solution and sanitized with a bleach and water solution. All classroom surfaces are clear from food debris or clutter and sanitized before the end of every day. Garbage is removed from classrooms two to three times a day.

HEALTH REQUIREMENTS

- Each child must have a complete health form on file signed by a physician, and all immunizations must be recorded and up to date prior to admission. Immunization records will need to be updated each time a child receives additional immunizations.
- Children are not to be sent to the center if they have any of the following symptoms: fever or headache, rashes or inflamed skin, nausea or vomiting, abdominal pains, diarrhea, sore throat, earache, inflammation of the eyes, enlarged glands, or persistent coughing.
- If a child develops any of the above symptoms while in the YMCA's care, the parent will be notified to have the child picked up immediately. Doctor's permission may be required for the child to return to the program in some cases.
- As a precaution and in compliance to the State Law, prescription medication only will be administered. The medication must be stored in the original container, labeled with the child's name, the name of the medicine, date of prescription, and directions. Parents are required to complete a Medication Permission Form. *Over the counter* medications will not be administered.
- Included on the registration form is a section titled, "Permission for Emergency Medical Care." It is imperative that this area be signed so that in the event of an emergency situation we can obtain medical treatment for your child.

We care deeply about the health of all children in our center. Please help us prevent the spread of infection to other children and teachers by keeping ill children at home until symptoms are gone.

RETURN TO SCHOOL FOLLOWING ILLNESS

Children must be symptom-free for 24 hours or have a physician's note stating that the child poses no risk to others. In the event the child has diarrhea two times during one day of care, the child will be required to be picked up and not return for 24 hours from the last loose stool movement. The YMCA reserves the right to require a physician's note. It is especially important that the parents let the center know of any contagious illness to which their child has been exposed or has contracted. The center will also keep parents informed of any contagious illnesses which might be "going around" that will be in need of special attention by a physician. In this case, children who have any communicable diseases will not be allowed to remain or return to the YMCA without a physician's note stating that there is no risk to others.

GUIDELINES ON THE MANAGEMENT OF COMMUNICABLE DISEASES

If a child exhibits any of the following symptoms, the child should not attend the center. If such symptoms occur at the center, the child will be removed from the group, and parents will be called to take the child home.

- Severe pain or discomfort
- Acute diarrhea
- Episodes of acute vomiting
- Elevated temperature of 100.4 Degrees
- Lethargy
- Severe coughing
- Yellow eyes or jaundice skin
- Red eyes with discharge
- Infected, untreated skin patches
- Difficult or rapid breathing
- Skin rashes in conjunction with fever or behavior changes
- Skin lesions that are weeping or bleeding
- Mouth sores with drooling
- Stiff neck

Once the child is symptom-free, or has health care provider's note stating that the child no longer poses a serious health risk to himself/herself or others, the child may return to the center.

COMMUNICABLE DISEASES

The following provisions relate to excludable communicable diseases. The center shall not permit a child or staff member with an excludable communicable disease, as specified in the table below, to be admitted to or remain at the child care center until a note from the child's or staff member's licensed physician states that the child or staff member, respectively, has been diagnosed and presents no risk to himself, herself or to others.

EMERGENCY MEDICAL CARE

If emergency medical care is necessary, any of the following steps might be taken:

- Attempt to contact parent or guardian.
- Attempt to contact person on the emergency form.
- An ambulance or paramedic may be summoned.

A trained staff member in CPR and First Aid is available at all times. Parents are always contacted by phone.

BEHAVIOR GUIDELINES

Disagreements and conflicts occur in every group at one time or another. The staff member with your child will use these opportunities to help children learn how to get along with others. When program rules are broken, for example if a child hits

another child or misuses classroom property, the teacher utilizes problem-solving techniques. This includes talking with the children and helping them to decide how to solve the problem. If problems continue, the teacher may request the involvement of the parent/guardian and other staff members.

Staff members strive to develop an atmosphere of mutual respect in the program spaces. Positive reinforcement, encouragement and recognition of positive behavior are strategies used to accomplish this goal.

If a child is consistently a physical or verbal danger to other children, themselves or staff (hitting, pinching, throwing objects, etc.), the following will occur:

- The staff members will notify the parents/guardians that a problem exists and ask for their help. This help may include being asked to come in and pick up their child.
- If the behavior continues, the Director or her/his designee will observe the child's behavior in the classroom; the staff will be instructed to shadow the child; and a conference will be scheduled between parents/guardians, teacher and Director or her/his designee. The Director may suggest that the child be evaluated and a Behavioral Intervention Plan be developed and implemented before the child can return to the program.
- If the parents/guardians refuse to cooperate or work together as a team the child's behavior continues to be a danger to other children, themselves, or staff, the child may be permanently removed from our program.
- If a child's behavior results in causing purposeful physical harm to others, the center reserves the right to immediately terminate the child's enrollment.

We work to maintain a positive atmosphere with emphasis on our four core values of Character Development: Caring, Honesty, Respect and Responsibility.

The rules for the children are:

- I will respect each other's feelings and property by not fighting, hitting, biting or touching another person or their belongings.
- I will listen when someone is talking.
- I show care about my teachers and classmates.
- I will use "words" to tell another person how you feel.
- I will get the help of the teacher if someone is bothering or upsetting me.
- I will try my best to be kind, considerate and helpful.
- I will respect the classroom by helping to clean-up and by handling the supplies and equipment properly and carefully.

POSITIVE GUIDANCE

A positive approach is used to guide the children; each situation and child is handled individually. Under no circumstances will corporal punishment be used for behavioral management. Methods used include:

- Redirection: Guiding a child into acceptable options when engaged in an unacceptable activity.
- Logical and Natural Consequences: Use discovered opportunities to make children aware of consequences.
- Limit Setting: Boundaries are developed by the Counselor for the children as a group and for individual children according to each situation.
- Be Clear: Make sure children know what behavior is and is not acceptable.
- Modeling Behavior: Counselors will demonstrate appropriate ways of interacting with others.
- Providing Choices: Appropriate choices are outlined and children are encouraged to make their own decisions.
- Be Ready: Plan and prepare the environment to limit negative behavior.
- Positive Reinforcement: Use of encouragement and support when addressing behaviors.

In the event that a situation develops where a family is considered difficult to deal with, the YMCA reserves the right to require the family to withdraw their child (ren) immediately without notice. Examples of "difficult to deal with" include, but are not limited to:

- Arriving at the YMCA impaired and attempting to remove their children from the program.
- Being abusive to staff members and/or other program participants.
- Failing to adhere to YMCA policies listed in this parent handbook

TECHNOLOGY GUIDELINES

Families entrust their children to the YMCA's care for childcare, camp and other youth programs. Our promise to these families is that we will provide a safe environment in which all participants are treated in a caring, honest, respectful and responsible way. Our mission commands us to "build a healthy spirit, mind and body for all."

The YMCA does not mean to interfere with anyone's private life, but publicly observable communications, actions or words are not private. Parents/Guardians need to use good judgment and discretion when posting pictures of participants. If you want something to be private, do not expose it to public access. If you or your words are in public, make sure they are not interfering with the privacy of other participants and families.

POLICY ON PARENT COMMUNICATION AND INVOLVEMENT

Parents, parent volunteers, and/or observations are always welcome at our center and parents may always call with any questions. We encourage parents to share their ideas and concerns with us at any time. A weekly email will be sent to parents on Fridays with information about the upcoming camp week. Correspondence about any concerns is generally in the form of verbal conversations at pick-up or by phone. Special events, school closings and other program notifications may also be shared via email.

ATTENDANCE

Our program is open all dates between June 26th-August 25th that the camp program is running. Your child will need to be registered for each week he or she is attending.

If your child will be absent due to illness for a period of time, please notify the center as to the reason of the absences. You may be required to submit proper documentation, *i.e. Physicians return to School slip*, before returning.

There are no refunds or credits for absences.

LOST & FOUND/ PERSONAL ITEMS

We ask that any personal belongings be labeled with permanent marker. We also ask that toys such as toy guns, swords, action figures or any electronic games be left at home. We do not wish to have toys that promote violence in our Summer Camp Center. Toys such as dolls, puzzles, books or games would be appropriate, however, bringing toys from home is discouraged as they can get lost, broken, and cannot be shared between children.

There will be a lost and found area at camp. Please check with the staff if your child is missing something. The contents of the lost and found will be discarded or donated to charity at the end of each season.

The Gateway Family YMCA is not responsible for lost or stolen items.

GOVERNMENT GRANT FUNDING

Government grant subsidy and scholarships are available to families who qualify. Eligible families are determined by TGFYMCA staff and can receive subsidy or

scholarship once all required paperwork is submitted. Our centers also accept voucher programs offer by the government through Child Care Resource and Referral Agencies (*CCR&R's*) *for example* 4C's and Program for Parents.

LICENSING REQUIREMENTS

A Camp Director, who has supervisory experience as well as experience working with children, leads our staff. A Group leader and Assistants who ensure quality programming leads each camp group. All staff members are selected based on their previous experience, education, desire to work with children, and attitude.

As a condition of employment, staff must successfully complete a state criminal background check, national sex offender check, fingerprinting, pre-employment drug screening and reference checks prior to being hired.

CONFIDENTIALITY

We maintain confidentiality and respect each family's right to privacy refraining from disclosure of confidential information and intrusion into family life. However, when we are concerned about a child's welfare, it is permissible to reveal confidential information to agencies and individuals who may be able to act in the child's interest, i.e. NJ Office of Child Care Licensing.

COURT ORDERS

In cases where an enrolled child is the subject of a court order (i.e.: Custody Order, Restraining Order or Protection from Abuse Order) the YMCA must be provided with a certified copy of the most recent order and all amendments thereto. The orders of the court will be strictly followed unless the custodial parent(s) request a more liberal version of the order in writing. In the case where both parents are afforded shared/joint custody by order of the courts, both parents must sign the request for more liberal interpretation of the order. In absence of a court order on file with the YMCA, both parents shall be afforded equal access to their child as stipulated by law. The YMCA, without a court order, cannot limit the access of one parent by request of the other parent, regardless of the reason. If a situation presents itself, where one parent does not want the other parent to have access to their child, we suggest that the parent keep the child with them until a court order is issued. If conflicting court orders are present, the most recently dated court order will be followed. Once presented with a Protection from Abuse or a Restraining Order, the YMCA is obligated to follow the order for the entire period it is in effect. Employees

of the YMCA cannot at the request of anyone, except the issuing judge, allow the orders of the court to be violated.

STANDARDS OF ETHICAL BEHAVIOR – CHILD ABUSE PREVENTION

Affectionate touch and the warm feeling it brings is an important factor in helping a child grow into a loving and peaceful adult. Gentle touch, hugging and holding are important and memorable parts of YMCA childcare experiences. However, YMCA staff and volunteers need to be sensitive to each person's need for personal space, i.e. not everyone wants to be hugged. Periodic training will be sponsored for YMCA employed staff and program volunteers on the subject of appropriate touch, inappropriate touch, and child sexual abuse.

The Gateway Family YMCA encourages appropriate touch. However, at the same time we not only discourage inappropriate touch but will take prompt and immediate action as follows:

1. At the first report or probable cause to believe that child sexual abuse has occurred, the staff person, to whom the incident has been reported to, will notify the Childcare Director in the Center. The Childcare Director will report the incident to the Branch Director. The Branch Director, the Childcare Director, and the staff reporting the incident will gather all the facts and the Branch Director will notify the Chief Executive Office of The Gateway Family YMCA.
2. The Child Care Director will make a report in accordance with the New Jersey Child Abuse and Neglect Law (P.S. 1974, amended by P.L. 197).209).
3. In the event the reported incident or incidents involve a program volunteer or employed staff person, the Branch Director will, without exception, suspend the program volunteer or employed staff person from the YMCA.
4. The parent/guardian of the child, or children involved in the alleged incident, will be promptly notified by the Branch Director.
5. Whether the incident or alleged offense takes place on or off YMCA premises, because of the youth-involved nature of the YMCA, it will be considered as job related.
6. Reinstatement of the program volunteer or employed staff person will occur only after all allegations have been cleared to the satisfaction of the persons named in item #1 above or designated legal advisor.
7. All YMCA staff and volunteers must be sensitive to the need for confidentiality in handling this information and therefore should only discuss the incident with the persons named in item #1 or designated legal advisor.
8. All full and part-time childcare employees must read and sign this policy.
9. This policy statement will be reviewed and updated by the YMCA's Constituency Committee.

Child abuse can take many forms: "In general, abuse refers to acts of commission such as beating, excessive corporal punishment, or inappropriate sexual activity"- New Jersey Department of Education, Policy and Procedures for Reporting Child Abuse.

EXPULSION POLICY

The Center will make every effort to encourage appropriate and considerate behavior in individual children. Growing is difficult, and all children have setbacks, bad days and sometimes traumatic life experiences, which affect their behavior. Staff members are provided with training and guidance in positive supervision as outlined in the program discipline policy.

Occasionally, when an individual child's behavior proves to be consistently disruptive, and/or demands so much individual attention that supervision of the entire group is compromised, the following actions may be required:

1. Staff will document the child's behavior and the staff's actions to modify the behavior;
2. Parents will be provided with a written notification requesting a conference with the parent(s), the child and the staff to address the problem;
3. Staff will implement a plan mutually agreed upon with the parent(s) and the child to modify the child's behavior;
4. A second conference will be arranged to provide positive feedback for further planning, if necessary;
5. If all attempts, as outlined above, result in little or no change in the child's behavior, the Center reserves the right to suspend child care services to the family for a period of one week. At this time, parents will be required to pay tuition in order to reserve the child's space in the program;
6. If upon returning to the program, the child's behavior continues, the Center reserves the right to terminate the child's enrollment with one week's notice to the parent(s);

If a child's behavior results in causing purposeful physical harm or impacting the safety of the child, other children or staff the Center reserves the right to immediately terminate the child's enrollment.

Department of Children and Families
Office of Licensing
INFORMATION TO PARENTS

Under provisions of the **Manual of Requirements for Child Care Centers (N.J.A.C. 3A:52)**, every licensed child care center in New Jersey must provide to parents of enrolled children written information on parent visitation rights, State licensing requirements, child abuse/neglect reporting requirements and other child care matters. The center must comply with this requirement by reproducing and distributing to parents and staff this written statement, prepared by the Office of Licensing, Child Care & Youth Residential Licensing, in the Department of Children and Families. In keeping with this requirement, the center must secure every parent and staff member's signature attesting to his/her receipt of the information.

Our center is required by the State Child Care Center Licensing law to be licensed by the Office of Licensing (OOL), Child Care & Youth Residential Licensing, in the Department of Children and Families (DCF). A copy of our current license must be posted in a prominent location at our center. Look for it when you're in the center.

To be licensed, our center must comply with the Manual of Requirements for Child Care Centers (the official licensing regulations). The regulations cover such areas as: physical environment/life-safety; staff qualifications, supervision, and staff/child ratios; program activities and equipment; health, food and nutrition; rest and sleep requirements; parent/community participation; administrative and record keeping requirements; and others.

Our center must have on the premises a copy of the Manual of Requirements for Child Care Centers and make it available to interested parents for review. If you would like to review our copy, just ask any staff member. Parents may view a copy of the Manual of Requirements on the DCF website at <http://www.nj.gov/dcf/providers/licensing/laws/CCCmanual.pdf> or obtain a copy by sending a check or money order for \$5 made payable to the "Treasurer, State of

New Jersey”, and mailing it to: NJDCF, Office of Licensing, Publication Fees, PO Box 657, Trenton, NJ 08646-0657.

We encourage parents to discuss with us any questions or concerns about the policies and program of the center or the meaning, application or alleged violations of the Manual of Requirements for Child Care Centers. We will be happy to arrange a convenient opportunity for you to review and discuss these matters with us. If you suspect our center may be in violation of licensing requirements, you are entitled to report them to the Office of Licensing toll free at 1 (877) 667-9845. Of course, we would appreciate your bringing these concerns to our attention, too.

Our center must have a policy concerning the release of children to parents or people authorized by parents to be responsible for the child. Please discuss with us your plans for your child’s departure from the center.

Our center must have a policy about administering medicine and health care procedures and the management of communicable diseases. Please talk to us about these policies so we can work together to keep our children healthy.

Our center must have a policy concerning the expulsion of children from enrollment at the center. Please review this policy so we can work together to keep your child in our center.

Parents are entitled to review the center’s copy of the OOL’s Inspection/Violation Reports on the center, which are available soon after every State licensing inspection of our center. If there is a licensing complaint investigation, you are also entitled to review the OOL’s Complaint Investigation Summary Report, as well as any letters of enforcement or other actions taken against the center during the current licensing period. Let us know if you wish to review them and we will make them available for your review or you can view them online at https://data.nj.gov/childcare_explorer.

Our center must cooperate with all DCF inspections/investigations. DCF staff may interview both staff members and children.

Our center must post its written statement of philosophy on child discipline in a prominent location and make a copy of it available to parents upon request. We encourage you to review it and to discuss with us any questions you may have about it.

Our center must post a listing or diagram of those rooms and areas approved by the OOL for the children’s use. Please talk to us if you have any questions about the center’s space.

Our center must offer parents of enrolled children ample opportunity to assist the center in complying with licensing requirements; and to participate in and observe the activities of the center. Parents wishing to participate in the activities or operations of the center should discuss their interest with the center director, who can advise them of what opportunities are available.

Parents of enrolled children may visit our center at any time without having to secure prior approval from the director or any staff member. Please feel free to do so when you can. We welcome visits from our parents.

Our center must inform parents in advance of every field trip, outing, or special event away from the center, and must obtain prior written consent from parents before taking a child on each such trip.
